This is a popular treatment to offer within the salon.

Day 1, am

Theory and Demonstration

- The theory session will cover how the false lashes adhere to the clients own lash and how to balance the lash line
- The curve of the eye area will determine how many extensions are applied
- Patch testing and preparation
- A full demonstration will be given

Day 1, pm

Group Practical

- The practical will give you the opportunity to apply the lash extensions with the supervision of the tutor. You may also experience having the lashes applied by a fellow student
- Lash sizes and treatment planning will be covered during the practical demonstration
