

## Non Surgical Face Lift Course

Cost **£199** +VAT  
Duration **1 day**

### The benefits

Non surgical face lift will attract new and existing clients to your business. Non Surgical is a micro current treatment.

You will physically see an improvement of the appearance of fine lines and wrinkles. It creates a reaction in the skin that tones and plumps up the skin tissue. It is completely pain free and non invasive.

No needles, botox or horror stories just an effective guaranteed result.

You will cover different types of current and how a combination of current wave formats can create the 'micro current' non surgical face lift.

### You will learn:

- All about electrical current and how this creates anti ageing
- All about the machine and equipment
- Preparation of the client for the treatment
- How to practically apply the treatment
- Overview of the muscles of the face and neck
- After care and maintenance
- How to sell this concept to your clients
- Skincare advice

### What to expect from your course:

- You will be working on each other, practical for most of the day.
- Please ensure that you wear correct, comfortable salon uniform.
- Be prepared to experience the treatment.
- We provide lunch/refreshments, but if you've a special diet, please bring your own
- All training notes will be provided on the day
- Bring a pen and paper to make your own notes
- Machine equipment is provided for you on the day
- You will be taught the application of current with routines
- Full demonstration of all practical work from lecturer
- An assessment of competence and understanding
- Babtac Certificate of training
- Case studies are required to complete this award
